

Central Community Theatre

Bringing Broadway to Central!

July 1, 2008

Dear Business Owner,

Central Community Theatre is proud to announce the summer production of *The Wizard of Oz* to be performed July 31, Aug. 1, 2, and 3 at the Central High School Theatre. *The Wizard of Oz* will be the second summer musical production produced by the Central Community Theatre. With the support of our community, we will be able to continue bringing you a new production annually.

Producing a musical of this scale is a challenging and costly endeavor, with the elaborate sets and beautiful costumes. We feel that the theatre is a wonderful vehicle for showcasing the talents of the young people of our community, as well as building character and self esteem. Our cast and crew are committed to bringing a quality show for residents of Central and the surrounding communities to enjoy.

The Wizard of Oz program will be a beautiful, professionally produced program. If you would like to offer us your support by making a donation, please review the sponsorship tiers and simply fill out the enclosed form and return to us with a check made payable to Central Community Theatre.

We appreciate your support and hope to see you at the Central Community Theatre's production of *The Wizard of Oz*.

Sincerely,

Karen Clinkingbeard
